

TIME TO  
CHANGE TO  
TODAY

LIKE YOUR HOMES ALREADY HAVE

LYNC

THE NEW  
FROM  
LEGRAND

# LUNCUS, RANGE

Our homes are changing at a speed like never before. What's cutting edge today is outdated tomorrow. In this landscape, Legrand is developing ever new technologies and bringing them to consumers.

In labs across the world, Legrand is always busy researching and developing new products in electrical and digital building infrastructure. More than 5% of our budgets are dedicated to this goal. And because our customers need products that go beyond technology, that bring design value as well, our focus is on both. We call it Designengineering.

Our new Lyncus range is a culmination of all these values. The sleek minimalist look is perfectly in sync with the technology that sets this range apart. Easy to install, easy to use and easy on the eyes. In other words, welcome to a range tailor made for your modern home.

# CLEAN AND MINIMAL WITH JUST A TOUCH OF QUIRK

Today's homes need a range that mirrors their look. A modern sleek look with clean lines. A look that is chic and futuristic. Our new Lyncus range brings this aesthetic to your home, but with a subtle touch that adds character to every room.

Touch Fan Regulator

# TOUCH THE PERFECTI

Touch switches  
that are sensitive  
to your every whim

Touch Bell Push

Touch Switch

# ON

Universal Touch Dimmer

NO CLICKS, NO CLACKS,  
JUST SMOOTH OPERATING.

Universal Dimmer for all types  
of dimmable loads including LED

Combi Twin USB

# SAY GOODBYE TO PLUGS

Today's homes have so many more gadgets per person than before. That's why you'll find these USB chargers very convenient. Now you can charge 3 gadgets at the same time.

Twin USB Charger  
for both type A  
and type C USBs

Wireless Induction Charger\*

# SAY GOODBYE TO WIRES

Say hello to our new wireless Induction Charger. All you have to do is slip your phone in and charging begins automatically. It also has a built-in USB port. So you can charge other devices like your tablet or your Bluetooth speaker while charging your phone. No more tangled wires and lost plugs!

\*Only charges compatible phones with induction receiver technology

THE SPEAKER CAN BE EMBEDDED IN THE CEILING  
AND RESPONDS TO THE BLUETOOTH RECEIVER.

Ceiling Loud Speaker

# BLUETOOTH IS THE NEW MANTRA

The bluetooth receiver connects your phone or your laptop to the speaker so you can play music from anywhere in your home.

Bluetooth Receiver

Reading Light

# SHINE ON ME

Sleek, hardy, ready to turn  
smoothly in any direction of  
your choice.

Remote Control Unit

Any four lights can be controlled with this remote, one at a time or all together.

One fan can be switched on or off and its speed can be increased or decreased.

THIS REMOTE LETS YOU CONTROL 4 LIGHTS AND 1 FAN WITHOUT TAKING ANY TROUBLE.

DON'T  
GET UP

Our new rockers come with a signature pinch that amplifies the aesthetics of your home - that are a cut above the rest, quite literally.

## ROCKERS WITH A TWIST

THE RANGE  
YOUR BEST GIZMOS  
DESERVE.

# COLOUR M E C H I C

Lyncus plates come in 6 trendy shades, perfect for modern homes and tastes.

## Safety instructions

This product should be installed preferably by a qualified electrician. Incorrect installation and use can entail risk of electric shock or fire. Before carrying out the installation, read the instructions and take account of the product's specific mounting location. Do not open up the device. All Legrand products must be exclusively opened and repaired by personnel trained and approved by LEGRAND. Any unauthorized opening or repair completely cancels all liabilities and the rights to replacement and guarantees. Only use genuine accessories.

**Technical data**
**Shaver socket**

Cat.Nos 6 772 58 / 6 774 58

**Characteristics**

**Application**

This product will be used in hotel, it can provide safe power for electric shavers. The standby power is 0W, no plug in no output power (please take care, this output to be used for electric shavers only.)

**Technical parameter**

Input: 230 V~50/60 Hz

Output: 230 V~50/60 Hz or 115 V~50/60 Hz

**Operation**

Slide switch configuration

1. Switch set to 115 V~, output is 115 VAC.
2. Switch set to 230 V~, output is 230 VAC.

**Caution**

1. Do not use for other application, except shaver.
2. Before plug in the shaver socket, please confirm the voltage of your product, set the right voltage 115 V or 230 V.

**Wiring**

**Fixing**
